

Support Services for Students with Speech, Language, Hearing, Communication & Reading Difficulties

Successful face-to-face communication requires:

- adequate hearing ability
- an intact language system
- a clear voice
- fluent and accent-“free” speech
- accurate articulation
- good communication strategies

Written communication requires the ability to read words quickly and accurately.

Any concerns with communication?

Contact us at talkwell@hku.hk for a **FREE** consultation with our speech therapist.
